

YOUTUBE

HOW TO TURN ON SAFE SEARCH:

- Go to [Youtube.com](https://www.youtube.com). Scroll down to bottom of the page. You will see a tap that says **Safety**. Click the arrow and a drop down menu will appear. Click **On** and **Save**.

Language: English ▾

Country: Worldwide ▾

Safety: Off ▾

Help ▲

Safety mode

- Safety mode hides videos that may contain inappropriate content flagged by users and other signals. No filter is 100% accurate, but it should help you avoid most inappropriate content.
- Safety mode also enables Google SafeSearch, and turning it off will disable Google SafeSearch.
- Safety mode will be enabled everywhere you use YouTube with this account.

On Off

[Lock safety mode on this browser](#)

Safety mode lock prevents others from changing the safety mode settings on this browser.
